### **Tampa-Based ExecuJet Charter Service, Inc. Continues to Grow, with the Addition of a New Gulfstream IV to its Fleet of Aircraft**

*New Gulfstream IV is now the Largest Aircraft in the ExecuJet Fleet and the Only One of Its Kind in the Tampa Bay Area Available for Charter*

Tampa, Fla., July 27, 2010 – ExecuJet Charter Service, Inc. – based at the Tampa International Airport – continues to grow with the recent addition of a Gulfstream IV to its fleet of aircraft. This aircraft is currently going through its conformity inspection, and will soon be available to charter customers as part of ExecuJet’s fleet of eight aircraft for private charter.

The Gulfstream IV will become the largest aircraft in the ExecuJet fleet, and the only one of its kind in the Tampa Bay area available for charter. What makes the Gulfstream IV even more unique is that it is the only aircraft in this area that can offer separate sleeping quarters on long-range flights.

The multi-million dollar Gulfstream IV has a stellar reputation as an intercontinental business aircraft. With a range of more than 4,800 miles, coast-to-coast and nonstop transoceanic flights are routine. This aircraft will safely and comfortably accommodate between 12 and 15 passengers and is equipped with two lavatories and both front and aft cabin space that can be separated for privacy.

With the addition of the Gulfstream IV, ExecuJet now has eight different types of aircraft for charter – the Gulfstream IV, the Falcon 50, Hawker 800XP, Hawker 800XP2, Hawker 800A, Hawker 700A, Westwind 1124 and the King Air 200.

In addition to aircraft charter, ExecuJet also offers consulting, sales and acquisition, maintenance and management services.

ExecuJet specializes in flying on request – 24 hours a day, seven days a week. This on-demand service has made ExecuJet popular with business people whose busy schedules do not allow them to wait on standard commercial flights. ExecuJet is also popular with those individuals who simply prefer the luxury and convenience of flying on private aircraft. ExecuJet can use any airport served by commercial carriers, as well as more than 5,000 other airports in the United States and around the world.

ExecuJet aircraft are crewed by professional, experienced pilots who take great pride in making each flight as smooth and safe as possible. ExecuJet’s fleet of aircraft is maintained in strict accordance with and even exceeds the most exacting standards of the FAA.

ExecuJet Charter Service, Inc. was founded in 1994 at the St. Petersburg – Clearwater Airport. It moved to its current location at the Tampa International Jet Center at the Tampa International Airport in 2006.
